

## Kairos inside Council Minutes

11/3/2017

Lots of confusion with the walk in general from the inside.

Confusion with Jesse handing it off to Boyd.

Twenty eight men were listed for the walk. (Only fifteen showed up)

Alternates were never sent a letter telling them they were alternates. (Boyd didn't think it was necessary.)

Inside servers were assigned for each day, but because of amount of men on the walk there were too many servers per day.

Shane Davis was asked to leave the walk because of his behavior.

Three of the servers were just there to graze. (Will not be servers anymore)

Boyd promised to be more on top of things next year. (Will he still be chaplain in ISCI) next year)

A power failure and other delays.

Don't have Tommy Harris anymore. (Need to find someone for music on 2<sup>nd</sup> Monday)

Tommy was transferred to the farm and will be getting out in May of next year.
